LOGISTICS TRAINING WITH A MARK OF EXCELLENCE

**CII Institute
of Logistics**

ABOUT CII

CII is a non-government, not-for-profit, industry-led and industry-managed organization, playing a proactive role in India's development process. Founded in 1985, India's premier business association has around 9000 members, from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from around 265 national and regional sectoral industry bodies.

At CII Institute of Logistics we create a platform for the Industry to gain more insights into the emerging trends, industry specific problems of national importance and global best practices in logistics & supply chain management. We enable the industry to cut down the transaction cost, increase efficiency, and enhance profitability and enable to sensitize and bring solutions to macro level issues.

ABOUT IIMM

Through its wide network of 52 branches and 19 chapters having around 9500 members drawn from public and private sectors,(IIMM is dedicated to the promotion of the profession of Materials Management) and with its multifarious activities, including EDP, seminars, workshops, in-house training programs and consultancy assignment & Advance Materials Management Programs & Research Programs, To have more effective global interaction , Institute is a chartered member of International Federation of Purchasing and Supply Management (IFPSM), Atlanta (USA) Incorporated in Switzerland, which has its members in over 44 countries.

KNOW THE INDUSTRY

Logistics is one of the most important basic industry for any economic growth as it is the management of the flow of products from the place of their origin to the place of their consumption, thus the industry also involves the integration of material handling, warehousing, packaging, transportation, shipping security, inventory management, supply chain management, procurement and customs service. The logistics industry in India is evolving rapidly and it is the interplay of infrastructure, technology and new types of service providers that will define whether the industry is able to help its customers reduce their logistics costs and provide effective services.

Logistics sector in INDIA has today become an area of priority. One prime reason for the same stems from the reason that years of high growth in the Indian economy have resulted in a significant rise in the volume of freight traffic moved.

MARKET SCENARIO FOR LOGISTICS IN INDIA

Logistics sector has a lot of growth potential in Kerala. Considering the geographical advantage and the proximity to international maritime routes, Kerala will certainly emerge as the right logistics hub of the southern states. The ICTT project is also set to launch a series of ventures including the Rs. 1600 crore LNG terminal, the port based Special Economic Zone (Rs. 1510 crore), International Ship Repair Complex (Rs. 315 crore), SBM (Single Buoy Moorings) for Kochin Refineries Ltd. (Rs. 720 crore), Petro-Chemical Complex for Gas Authority of India (Rs. 7000 crore), International Bunkering Terminal, Buld Cargo Terminal, Cruise Ship Terminals, International Marina etc...
